## Welcome

I wrote this guide with you in mind. Everyone reading this will be able to quickly be up and running and driving traffic to their lead capture page.

When you follow these three simple steps, you will see your subscriber list grow and you will see income start flowing. The secret is to follow the three steps until you see those subscribers begin to opt in to your list.

**Yes – 3 steps! It really CAN be that simple.**

Don and I thank you and appreciate you for being a loyal member here at Contact List Builder.

We have confidence that you and your team can prosper with our simple plan.

We look forward to connecting, hearing your results and celebrating your success.

Janet & Don Legere

The Contact List Builder

# The CLB Learning System

## Outline

The focus on the CLB Learning System is to help you setup your system to attract subscribers for your business and then follow up with them to secure the sale.

**NOTICE:** You need to be a member of The Contact List Builder (CLB) to setup your Capture Page. If you have not yet joined Contact List Builder, you can [CLICK HERE TO JOIN CLB](#)

## The 3 Simple Steps

1. Setup your Auto-responder campaign, Lead Capture Page and Landing Page
2. Advertise your lead capture page (Get Traffic!)
3. Follow up and follow through

## How It Works

- You will setup your Auto-Responder through The Conversion Pros (TCP) using a shared campaign code. You will edit your campaign messages with your links and personal business information and then setup your Landing Page and Capture Page. We use TCP because it very simple to share codes and setup captivating capture pages.
- Consider your new capture page to be an online business card for your business. Only this business card captures your visitor's email and contact information and then introduces them to our system!

## What You Will Need

- We recommend and use The Conversion Pros as everything is included. You will join for free for 14 days and then you will pay \$50 a month. With just 2 referrals, your monthly fee is covered (TCP Pays \$25 per referral per month – paid every Friday)
- You will need to be a member of Contact List Builder. CLB is free to join. [Click Here To Join CLB](#)
- You will need an advertising budget and access to advertising resources. We recommend resources that work for us along with instructions on how to use them.

Your funded system will begin growing simply by directing visitors to your Capture page. Once they subscribe, they are directed to a Landing Page where they will learn more about our CLB Funded System and can choose to join our free affiliate program. Once they join CLB, they begin to receive our training on how to setup THEIR capture page just like you did. As they go through our instructions, they will be directed to join the programs in our Downline Builder and when they do and upgrade, you will earn a commission.

Focus on bringing your leads through the CLB Funnel. One focus will generate leads for your primary business while generating additional income streams.

**NOTE:** The additional income streams are generated by the tools and resources we encourage you to use. Your team will use the same tools and follow the same steps.

# The CLB Capture Page

Simple Steps to Setup Your Contact List Builder Capture Page with The Conversion Pros.

## BEFORE YOU BEGIN - JOIN THE CONVERSION PROS

You need to join The Conversion Pros from inside The Contact List Builder **Downline Builder** in the Affiliate Toolbox dropdown menu. This will insure that you signup in The Conversion Pros with your CLB sponsor.

[Click Here To Join Conversion Pros With Your CLB Sponsor](#)

## Webinar Replays

Before you begin, watch these three short videos that explain the CLB Funnel and show you how to set everything up.

Remember to **Play, Pause, DO!**

This is the meat and matter of your CLB funded system and how you begin to build your list. Follow these simple steps to setup your CLB Capture page.

- Step 1 - The Auto-Responder Campaign (Share Code **9803b85f**)
- Step 3 - The Capture Page (Share Code **d5bc46ca**)
- Step 2 - The Landing Page (Share Code **981ecd33**)

**REMINDER:** You need to be a member of The Contact List Builder to setup your Capture Page. If you have not yet joined Contact List Builder, you can [CLICK HERE TO JOIN CLB](#)

## Step 1 - The Auto-Responder Campaign

### [Login to The Conversion Pros](#)

The first thing we need to do is setup your Auto-Responder campaign with pre-written messages that you will need to edit.

1. Under the TCP Marketing Suite click on Autoresponder
2. Click on New Campaign
3. Enter a Label for your new Campaign, ie., CLB Leads
4. Enter the Shared code 9803b85f
5. Enter a Description, ie., CLB Leads
6. Click SAVE!
7. Then Click OK!

The screenshot shows the 'New Campaign' form in The Conversion Pros interface. The form has the following fields and instructions:

- Label:** Input field with the text 'CLB leads' and a red arrow pointing to it with the instruction 'Enter a label for your list'.
- Domain List:** A dropdown menu with 'Select...' and a red arrow pointing to it.
- Use Share Code:** Input field with the text '9803b85f' and a red arrow pointing to it with the instruction 'Enter the Share Code'.
- Description:** Input field with the text 'CLB Leads' and a red arrow pointing to it with the instruction 'Enter a description'.

At the bottom right of the form are two buttons: 'Cancel' and 'Save Now'. A large red arrow points to the 'Save Now' button with the text 'When Complete Click SAVE!'.

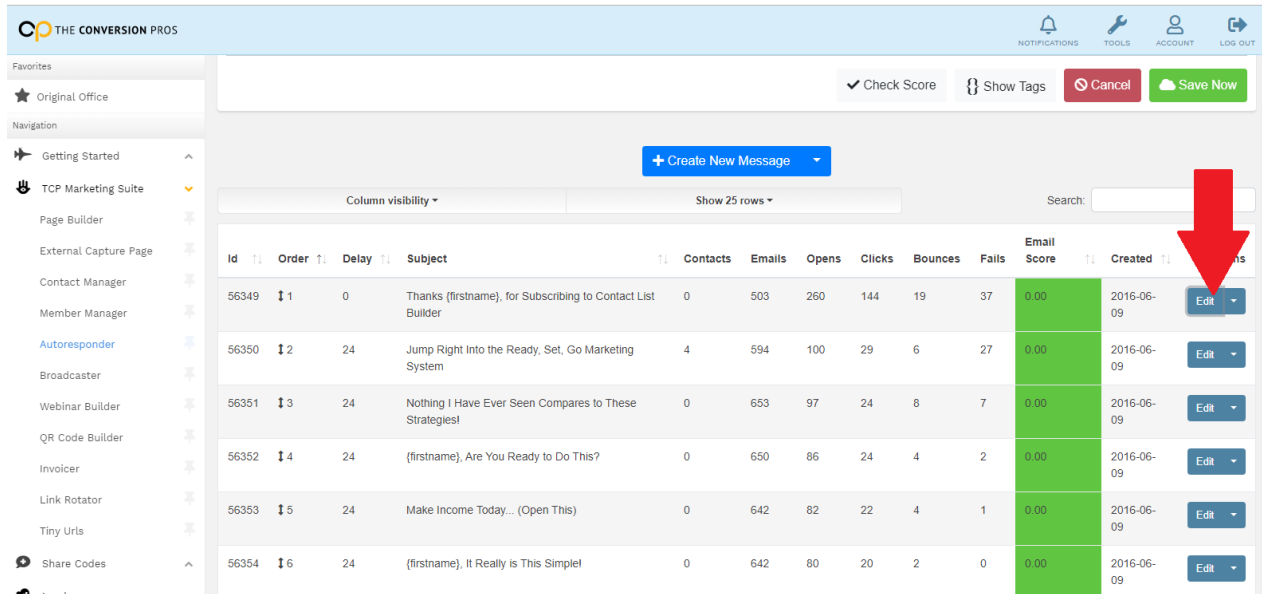

The left sidebar shows the navigation menu with 'TCP Marketing Suite' and 'Autoresponder' highlighted with red boxes.

A notice comes up to indicate your changes were saved, Click Ok

The 13 email messages will now be displayed and you will need to edit each one with your CLB Affiliate ID number. You will find your CLB Affiliate ID number in the **Affiliate Toolbox** inside the CLB Members area.

## Editing Your Follow-up Messages

The screenshot shows the 'THE CONVERSION PROS' dashboard. On the left is a sidebar with navigation links: Favorites (Original Office), Navigation (Getting Started, TCP Marketing Suite, Page Builder, External Capture Page, Contact Manager, Member Manager, Autoresponder, Broadcaster, Webinar Builder, QR Code Builder, Invoicer, Link Rotator, Tiny Urls, Share Codes), and Leads. The main area has a top bar with 'Check Score', 'Show Tags', 'Cancel', and 'Save Now' buttons. Below this is a '+ Create New Message' button. A table displays a list of messages with columns: Id, Order, Delay, Subject, Contacts, Emails, Opens, Clicks, Bounces, Fails, Email Score, Created, and Actions. A red arrow points to the 'Edit' button in the Actions column for the first message (Id 56349).

<http://clblearning.com/signup.php?rid=CLBIDNUMBER>

You will also edit your **PERSONAL DETAILS**.

**NOTE:** THERE IS NO NEED TO EDIT THE FROM or TO FIELDS IN THE EMAIL HEADER

## ACTIVATE YOUR CAMPAIGN

Once complete, you will need to set your campaign to ACTIVE. Until you activate your campaign, your subscribers will not receive your messages.

The screenshot shows the 'Campaign Details' page in The Conversion Pros interface. A yellow banner at the top states: 'This campaign's status is set to "Inactive" which means no emails or txt messages will be sent. Change the status to "Active" to enable email and txt sending.' The 'Status' dropdown menu is open, showing three options: 'Inactive - Emails and txt messages will not be sent.', 'Active - Emails and txt messages will be sent.' (highlighted in blue), and 'Inactive - Emails and txt messages will not be sent.'. A red arrow points to the 'Active' option with the text 'Select Active from the dropdown menu'. Below the dropdown is the 'Domain List' field, which is empty. The 'Description' field contains 'CLB Leads'. At the bottom right, there are 'Cancel' and 'Save Now' buttons. A red arrow points to the 'Save Now' button with the text 'Click Save Now'. The 'All Time Stats' section on the right shows various metrics: Emails Sent (0), Emails Opened (0), Emails Failed (0), Emails Bounced (0), Email Clicks (0), Total Contacts (0), SMS Queued (0), SMS Sent (0), SMS Received (0), and Created (2019-12-03 14:52:33).

Now let's move on to Tracking and Traffic! We are going to build your list and signup new members into CLB Learning!

## Advertising Your Capture Page

### Tracking Your Ads

It is important, when advertising, that you track your traffic to judge which resources are working. Tracking is especially effective with Viral Mailers and Traffic Exchanges. Tracking conversions let's you see which resources are producing leads. A Conversion is a subscriber. It means someone filled out the form on your Capture Page. Conversion tracking is added to your Landing Page.

[Click Here to Watch the Training Video on Tracking](#)

Click the banner below to Join Hits Connect Tracker

## Udimi Solo Ads

With Udimi Solo Ads, you will need to signup as a free affiliate and then setup your account.

[Click Here to Watch the Training Video on Udimi](#)

Click the banner below to join Udimi under your sponsor

You will not need an ad for Udimi solo ads, just your Capture Page URL. The solo provider will send traffic to your page. You can buy Solo Ads for as little as \$43.00 for 100 clicks (\$40 for the solo and \$3 Udimi service fee)

## TL2IVM Traffic Coop

Rob Gehring offers very affordable shares in his Traffic Coop through his TrafficLeads2IncomeVM program. The Traffic Coop offers free and paid traffic to your Capture page for an entire month.

In the training video below, we show you how to create a duplicate copy of your CLB funnel and add a special code for Conversion Tracking for the Coop.

### Here is the TL2IVM Coop Conversion Tracking Code

```
<img src='//trck.me/g/454919/' width='1' height='1' alt='track my conversions'>
```

You will paste this in the Advanced Section, under Tracking, in the Header section. Remember to save your lander before exiting!

You'll find the Traffic Coop Shares under the **Buy Credits** Section of TL2IVM

[Please watch the training video on the TL2IVM Traffic Coop](#)

Click the Banner below to register with TrafficLeads2IncomeVM

To Signup for the Coop, click on Buy Credits inside TL2IVM members area

Shares are \$50 each and you can purchase more than one

## Viral Mailers

Viral Mailers remain one of my most prolific resources online. While it takes time to acquire a good list of mailers, it's worth investing that time. After all, you do plan to grow your business well into the future, right?

[Click Here to Watch the Training Video on Viral Mailers](#)

Below you will find an Ad for Viral Mailers. You can edit and use or write your own.

Viral Mailers have always been an excellent source for good leads.

## Social Networks

Social Networks can be a wealth of leads for you if used properly. There are many great trainings on how to use Social Networks and here are some pointers to get you started on Facebook. These tips can be applied to any Social application.

1. Make sure your profile is complete, include a link to your lead capture page
2. Create a Page for your followers and experiment with Facebook Ads
3. Begin sharing your interests
4. Begin connecting with new friends – be careful not to add them too quickly or Facebook will give you a slap.
5. Become active in groups that have a common interest – offer advice, comments and relative information

### The CLB Facebook Strategy

Each day, I will create a post on the CLB Fan Page. Once the post is created, I will send the link on Skype as well as an email to CLB Members.

Here is what you want to do with each post:

1. **LOVE** the Post – Mouse over the Like link and click the LOVE BUTTON
2. **Comment** on the Post and include your CLB Capture page or CLB Affiliate link – Please make your comment relevant to the post, put some thought into it.
3. **Share** the post on your timeline and include your CLB Capture page or CLB Affiliate link

[Enjoy the Webinar Replay about this strategy](#)

## Follow up and Follow Through

This is one area that seems to stop most in their tracks yet it is one of the most important.

These simple steps can make all the difference with your prospects.

1. Send a personal email
2. Call
3. Send a TEXT message
4. Lookup on Skype
5. Lookup on Facebook

### Send a Personal Email

While it's true that the auto-responder emails will educate your prospect, there is nothing quite like personal contact.

#### **Example:**

Hi NAME,

Janet here. I just received notice that you subscribed to my list and I am excited to connect with you and answer any questions you might have.

Please reply and let me know what time is best of you ok?

Talk soon,

Janet Legere  
Skype janetlegere  
Phone/TEXT 403-512-2911

## Call

If your subscriber leaves a phone number, pick up the phone and dial the number. People are excited to hear from you and ready to listen.

Ask if they have questions and find out what they are looking for.

Questions to ask:

Do you have a business you want to build? If no, are you looking for a way to make money from home?

Do you have any experience?

## Send a Text Message

If your subscriber leaves a phone number, chances are it is a cell phone. These days most people use their Cell phone for business.

Send a text message and say thanks

Example:

Hello NAME, it's [YOUR NAME]. It's YOUR NAME from CLB Learning. When do you have time for a call or a chat?

## Three Step Review

1. Setup your lead capture page
2. Send traffic to your website
3. Follow up and Follow through

It really is this simple! Remember, at the end of the day, your focus is to get new subscribers on your list. Once they are on your list, you can follow-up about your products and services and share your experience and passion.

You'll find the Recommended Resources on the next page and we encourage you to sign up with your Sponsor in our recommended programs. You will also find these programs in our downline builder at CLB.

When you are ready, begin with Step One and setup your Contact List Builder Ready Set Go Marketing System.
